

Times Tables Rock Stars is a carefully sequenced programme of daily times tables practice. Each child at St Augustine's has a login, which can be used on a laptop, ipad, tablet or mobile phone.

We ask that your child practises their times tables at least three times a week for 10 minutes.

When a child signs into Times Tables Rock Stars the screen will look like this. To begin with, they should play the **Studio game 10 times**. This sets a baseline time for the competition. This game is set to test children up to 10 x 10 and so younger children may find it difficult – Do Not Worry, have a go and move on to the next question. **Children should repeat this step every couple of weeks.**

As the child progresses through the games, they will see their 'rock star' status improve. You will be able to see how long it takes your child to answer times tables questions.

Each competition includes times tables and their related division facts. Put the answer in the box and press enter. The rock star will climb the guitar as the questions are answered correctly.

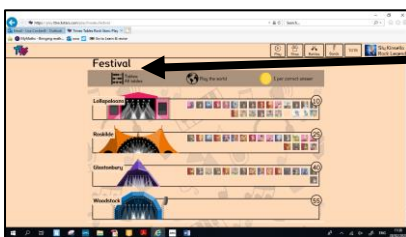

Children usually find it easier to use a mobile device, rather than a laptop, to play this game.

Garage This game allows children to practise times tables set by their teacher.

The class teacher may add extra practise for the children who have secure knowledge of times tables and related division facts, for their specific year.

Expectations: Yr1 & 2 (2s, 5s & 10s), Yr3 (2s, 3s, 4s, 5s & 8s) Yrs 4 -6 (all, up to 12x 12)

Festival: When playing festival games, children can compete with people from all around the world. Players have rock star names and there is no chat facility to ensure the safety of your child.

Rock Slam: When playing rock slam, children can challenge other children from St Augustine's. They can even challenge their teachers.
