LEARNING A WOODWIND INSTRUMENT-WATCH OUR NEW VIDEO

Dear Parent/ Guardian

Now is the time to think about starting an instrument in September. *Solihull Music Service* has a team of specialist woodwind teachers who would love to visit your son/daughter's school to teach **Recorder, Flute, Clarinet, Saxophone and Bassoon.**

The school will have sent out letters asking you to apply for instrumental lessons starting in September. The woodwind team have made a [video](#) to help you with your choice of instrument. To watch it, please use this link to the Solihull Music Service website

<http://solihullmusicservice.com>

Or this is the direct link to the promotional video

<https://videopress.com/v/JkDOUffj>

On the website you'll also find information about our ensembles which will also be running in September. Keep Monday evening free for our wonderful wind bands which you can join after just one term of tuition.

Woodwind instruments are fun and practical (easy to carry and can be practised in the home without the disturbing the neighbours!) They are wonderful instruments for playing the best tunes and for playing in groups too.

Please get in touch with the school office to get your son/daughter signed up to learn woodwind instrument in September 2021. Contact Solihull Music Service (email and phone number above) for more information

With very best wishes

Richard Salt
Woodwind teacher
